1970's... high school. What were the sports (school) house names and their associated colours. I have Yungi and I recall it was blue?

Greg Rolls you solved (or created) a family argument 😂😂. We're all together in one place for the first time in many years and reminiscing about our Newmarket days. Thanks Greg 👍

Greg Rolls your spelling is right too! You can also research the history of these indigenous names and relationships with Brisbane

Greg Rolls we were never taught this at school - whoever created these house names was very progressive in 1963!

Fay Jeppesen do you recall the drafting policy regarding house allocations? I guess any policy had to be flexible though ....
